

High Country
Nuclear
Medicine
Conference
March 2-5, 2024
Park City, UT

Saturday, March 2nd, 2024 / 4:00 PM – 7:30 PM

Tuesday, March 5th, 2024 / 7:00 AM – 9:30 AM

Spectrum Dynamics is a proud sponsor of the High-Country Nuclear Medicine Conference on March 2-5, 2024, in Park City, UT.

Spectrum Dynamics is an innovation leader in digital SPECT and SPECT/CT imaging with the most comprehensive all digital nuclear medicine portfolio. The Spectrum Dynamics portfolio provides state of the art digital technology, fast imaging, industry leading image quality and innovative clinical applications for SPECT and SPECT/CT imaging.

The following Spectrum Dynamics key users will be presenting at the High-Country Nuclear Medicine Conference.

PRESENTERS

Piotr Slomka, PhD,
*Director of Innovation in
Imaging*
Cedars Sinai Medical
Center - Los Angeles, CA

Saturday, March 2nd, 2024

4:00 PM – 7:30 PM Session: Cardiology

Novel Clinical Applications of Artificial Intelligence for Nuclear Cardiology

This session will review recent advancements in nuclear cardiology. The session will start with an overview of the emerging role for SPECT and PET in diagnosis of cardiac amyloidosis. The session will then highlight advancements in myocardial perfusion imaging including cardiac applications of hybrid imaging, state-of-the-art quantification methods, and clinical applications of artificial intelligence.

Benjamin Auer, PhD
*Director of Nuclear
Medicine Physics*
Brigham and Women's
Hospital - Worcester, MA

Tuesday, March 5th, 2024

7:00 AM – 9:30 AM: Session: Instrumentation

Full ring SPECT/CT: Will it replace conventional gamma cameras and SPECT/CT systems?

Technology trends and updates: a brief look at 2023 science and technology, with examples from the IEEE RTSD and MIC 2023 to showcase trends in NM instrumentation.
